|   |               |
|   |               |
|   |               |

There was considerable discussion about Soviet-Pakistan talks on Afghanistan and some question as to whether the Soviets had presented their plan for an 18-month withdrawal. State was not aware that a timetable plan had been presented to Pakistan. We briefly reviewed the Pakistan and Soviet motivation for these talks and the implications of the various outcomes.
